## WE DISTRIBUTE RELIEF GOODS IN UKRAINE

Would you like to join us in helping refugees in Ukraine?

Every week, volunteers sort and transport aid supplies from our warehouse in Siret in convoys to Ukrainian social welfare centers, schools and hospitals in need. With this we help people who are fleeing from the war (IDP) and those directly affected by it.

You want to support the mission with donations in kind?

We collect donations at our hub in Enger (NRW) and organise the transport from there to Siret. Needed donations in kind are for example sleeping bags, sleeping mats, durable food, bandages, diapers and hygiene products.
